

We are hiring!

JUNIOR PROJECT MANAGER

As part of NTG Mast Group's service division, RigPro is the only truly global rigging service provider, with an unparalleled ability to deliver engineered solutions on any type of rig and rigging.

Thanks to our global presence and rapid response, RigPro can reach our customers wherever they are, whenever they need us, and we are committed to the top standards of customer care and service.

Your Mission

As Junior Project Manager, you will provide solutions, expertise, and advice to our customers regarding their sailing systems. You will work both in autonomy on small projects or accounts and assisting Senior RigPro Specialists and management on large projects and accounts.

Main Responsibilities

- To advise customers on technical matters regarding sailing systems, including rigs, standing rigging, and running rigging.
- Other areas of interest are hydraulic and mechanical systems and composites.
- To sell, propose to customers solutions to their issues and offering our products and services.
- To scope and price proposal to customers.
- To manage the work and projects (project management).
- To carry out, occasionally, rigging and sailing system works on yachts up to 70 feet (hull length) and assist in works on larger ones.
- To deliver and close the projects with both company, customer, and personal satisfaction.
- To follow up with the customer on a regular basis.
- To prepare Standard Operating Procedures with multimedia content (i.e., including videos, photos, and diagrams)
- To share what your knowledge and learnings with the rest of the team, also via our digital knowledge sharing system.

What we need from you

Technical skills

- Around 2-3 years' experience in a similar role.
- Proficiency level of English.
- University Degree or related, and Spanish would be a plus.
- Driving licence.

Personal skills

- You have good communications and interpersonal skills.
- You are a highly motivated person and ethically performance driven.
- You will show your leadership skills while managing projects.
- You will stay focused and show your organisational skills while working under pressure.
- You are a problem-solving person and will keep a can-do attitude in your daily tasks.
- You have a passion for sailing and a strong interest in sailing systems.
- Experience with carbon fibre products, mechanical works and understanding of hydraulics/electrical systems will be an advantage.

What we offer

- For a marine professional in the marine industry nothing beats working at RigPro you will have the opportunity to work on the world's greatest yachts, with some of the world's greatest sailors.
- A number of our team regularly sail in top events like the Superyacht Cup Palma.
- RigPro team members are sometimes seconded to top race teams, including America's Cup teams.
- Being part of the group that leads the way in developing above deck systems for the world's most advanced race yachts, from the America's Cup to the world's most eminent Superyachts.
- You will join the world's most trusted sailing system advisors.
- The possibility of taking part in a variety of projects with opportunities to engage with a global team and client base daily.
- Permanent contract.
- Flexibility to match other commitments and activities... like sailing!

*FUTURE FIBRES RIGGING SYSTEMS, S.L. is committed to the development of policies that integrate equal treatment and opportunities between women and men, and that avoid any type of direct or indirect discrimination based on sex. We promote and encourage measures to ensure that equality is real and effective within our organisation, establishing equal opportunities between women and men as a strategic principle of our Corporate and Human Resources Policy, in accordance with the definition of this principle established in Organic Law 3/2007, of 22 March, for effective equality between women and men.

In each and every one of the areas in which we carry out our activity, from recruitment to hiring, including salary policy, training, working and employment conditions and occupational health, we assume and apply the principle of equal opportunities between women and men. We also promote the organisation of working time to facilitate the reconciliation of personal, family and working life with the aim of improving the quality of life and satisfaction of our staff.

The principles set out above are put into practice through the implementation of an Equality Plan that represents an improvement in our management system and the guarantee of having an internal structure free of gender discrimination. In this way, we also want to contribute to the progress towards a society in which equality is firm, real and effective.
